On behalf of myself and your Board of Directors it is my privilege to welcome you to the 2023 Membership Meet in Bay City! The home of the Model A Ford, it's appropriate that we have a second national event in as many years (remember Bark River!) in the Great State of Michigan.

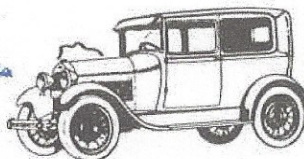

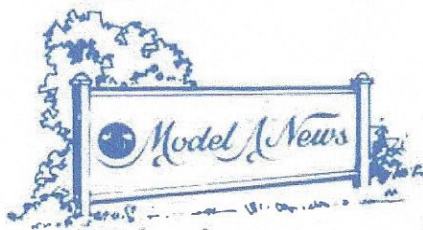

Curt and Wendy Hillman and their Script A's team have put together an exciting and eventful gathering for all to enjoy. From the Olde Movie Night at the State Theatre to the Farewell Banquet and everything in between, this is bound to be an experience to remember. If you have extra time, a visit to the Antique Toy and Firehouse Museum or the Saginaw River Rear Range Light are sure to be interesting sites. A little farther along the Saginaw River and the majestic views of Lake Huron come into view. As the saying goes: Pure Michigan!

We on the Board are always searching for Regions to host our national events, but it goes beyond that. The Board, the hosting Region and your fellow club members thank YOU for being the "spark plugs" who keep the energy in our club alive by attending national events such as this. With support like yours, success is assured!

Drive safely and enjoy your time in Bay City!

April 14 – 16, 2023

Dear Meet Participants,

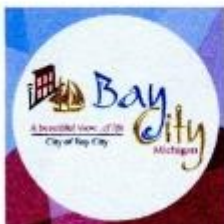

On behalf of the Script A Region of MARC, I would like to welcome you to our 2023 Membership Meet and to beautiful Bay City. If this is your first time in Michigan, or this region, you will find that our "Sunrise Side" has much to offer. While we hope that you attend many of the wonderful seminars and presentations that we have put together for you, we also hope that you take a bit of time to experience the Bay City Area. Thank you for waiting us out. Many of you are aware that this meet was scheduled in 2021 so we're thrilled that it's finally here.

Our Olde Movie Night, showing some oldies and goodies, will be the best and the State Theatre in all its 1930s splendor is something to behold. Within walking distance of the hotel, you will find many unique shopping experiences, including an entire block of Antique Shops! Hope you have room to carry your purchases home! Don't forget to top off your experience by visiting St. Laurent Brothers Candies and Nuts, specializing in all your favorites that you grew up with!

Although we have many dining experiences planned with our Welcome Dinner — Backyard BBQ and Farewell Dinner — Hell's Half-Mile Speakeasy, you have approximately 30 restaurants within a 2-mile radius. You won't go hungry. And we all know how Model A'ers love their ice cream so make sure to visit Cream & Sugar Ice Cream Company in Uptown Bay City (PS — the DoubleTree is in Downtown Bay City).

On behalf of the Script A Region Model A Club and ALL its members and volunteers,  
we thank you for

# State Theatre

913 Washington Ave., Bay City

History of the State Theatre

Bijou (1908-1927)

The building was originally constructed in 1908 and was known as the Bijou Theatre. The Bijou had a full stage and flyloft and served a variety of live entertainment in the form of Vaudeville and Burlesque shows. Around the late twenties, due the rising popularity of film, the theatre was converted to a movie house and renamed the Orpheum.

Bay Theatre (1930-1960)

In 1930, the structure received a major facelift bringing the interior to the form today. The stagehouse was abandoned in favor of movie screen. Much of the original structure still exists, buried under the walls of the current theatre. The theatre once again acquired a new name along with its makeover, becoming the Bay Theatre.

State Theatre (1960-2000)

In the 1960's, the original Bay Marquee with its Mayan motif was replaced and the name changed once again to the State Theatre, as it is known today. The new marquee was much more modern, matching the look of many other movie houses and theatres of that time. The building was acquired by the Butterfield Theatre chain and was in need of some maintenance. The chain painted everything in the theatre with the same shade of brown, completely covering the Mayan artwork.

Recent History (2000-Present)

In 2000, the building was saved from the wrecking ball by the DDA and a group known as the Friends of the State Theatre. They brought the theatre back to life and began seeking donations and federal grants to raise the funds needed for capital improvements. Since that time, the interior of the theatre has been restored to the 1930s look and the lighting, sound and HVAC systems have all been brought up to current standards. Patrons may now enjoy live and film entertainment in a state-of-the-art facility.

# Self-Guided Tour: Frankenmuth

<https://www.frankenmuth.org/>

Frankenmuth is a city in Michigan, known for its Bavarian-style architecture. The Frankenmuth Historical Museum highlights the area's German roots. Michigan's Military & Space Heroes Museum displays flight gear, Medals of Honor and military equipment. Bordered by the Cass River, Heritage Park has an event pavilion and a riverside pathway. Frankenmuth Aerial Park offers ropes courses and zip lines in a wooded area.

## Things to do

Frankenmuth is more than any one tradition. It's nostalgic and new — all coming together for some unforgettable moments.

So, for every iconic experience you'll have here — like trips to two of Michigan's top indoor waterparks, world famous chicken dinners, and Christmas all year — you can be sure there's an out-of-the-ordinary one to go with it.

It's clinking steins of good, cold German beer with strangers at one of our Frankenmuth festivals, or tasting your first sip of Christmas Town Ale on a tour of Frankenmuth Brewery. Taking a classic horse-drawn carriage ride through town, or taking it all in on our 16-person PedAle Trolley. Winding down on a relaxing riverboat cruise, or amping up to go zip lining at Frankenmuth Aerial Park.

Iconic? Off the beaten path? We like to think it's a whole lot of both here!

# THE BURTZ BLOCK

# 5-MAIN MODEL A BLOCK

**NEW FIVE MAIN BEARING ENGINE DESIGN \$4,000**

**NEW FOUR FORGED CONNECTING RODS INCLUDED**

**NEW DYNAMICALLY BALANCED CRANKSHAFT INCLUDED**

**NEW LIGHTENED FLYWHEEL \$375**

**NEW FIVE BEARING TOURING CAMSHAFT \$400**

**NEW 6.5 HIGH COMPRESSION "STOCK" CYLINDER HEAD \$400**

The fully machined **BURTZ BLOCK** is oil pressurized and made with modern grade cast iron & includes hardened exhaust valve seats & cam bearings. The balanced crankshaft has 8 counterweights and is supported by five, 2" diameter main bearings. The forged connecting rods are designed for standard Model A pistons and have 2" diameter bearings. The block has in total 16 pressurized bearings fed from a main oil galley. Standard Model A, off-the-shelf parts can be used to complete the engine assembly. The crankshaft accepts a standard Model A flywheel and utilizes a rear main radial lip seal to prevent oil leaks. All components needed to complete the build are stock 1928 to 1931 Model A engine parts. The optional new 6.5:1 compression ratio head is made from modern material, the exterior was derived from a laser scan of an original head, the machined surfaces are from Ford drawing A-6050, the cooling water flow at the rear of the cylinder block is increased, and all 4 water pump stud holes are blind.
